

PRODUCT ASSORTMENT

DELICIOUS CANDIES WITH A MAGIC TOUCH

Overview

BOMBONIERA is the living proof that vision, passion, expertise and **bringing good into people's life** lead to success. What has started as a medium - size business back in 2004, is now a full - grown company, in which over two million euro were invested, ranked among the top Romanian hard candies and soft chews manufacturers and highly appreciated by sweets consumers on four continents (Europe, Asia, Africa and North America).

With their exquisite, varied taste and lasting flavor, their pleasant and delicate texture and attractive packaging, CIPI candies are the sweets of choice for the very young and seniors alike, for teenagers and young professionals in need for a boost of energy during long working hours.

Our story so far

From the very beginning, Bomboniera's managing partner Ciprian Scriciu focused on building a solid, lasting, and successful business, by constantly **improving the products quality and developing the product line**. Special attention was given to continuous improvement of quality management and food safety implementation, being now certified FSSC 22000.

In 2022, **BOMBONIERA** started the most ambitious project since it was established that targeted increase and modernization of the production capacity and product diversification. In 2023 two new investments were finished: brand new starchless jelly and gummy depositing production line from Baker Perkins, brand new hard candies depositing plant from Loynds, with modern wrapping machinery, but the most important project was the relocation to a new production facility, with all the facilities to support further company development.

We are now ready to expand our production and increase the product assortment, to meet our customers' expectations. Nowadays, with over three million euros invested, two brand new production lines and up to 100 to per month production capacity, **BOMBONIERA is ready for new market challenges**.

CIPI Products

CIPI Candies are available in different assortments: **Hard Candies, Sugar Free Hard Candies with Stevia, Functional Hard Candies with Plant extracts and vitamins, Jellies and Gummies, Sugar Free Jellies with Stevia, Jellies with vitamins**.

CIPI Candies are manufactured following traditional recipes, using the most appropriate technology, high-quality and natural ingredients that makes them a delicious choice for consumers of all ages.

As customers comes always first, **BOMBONIERA** will keep its commitment to **excellence**, continue to **improve the quality of its products so that they meet consumers' needs**, consolidate its brand on existing markets and target new ones.

The image features a central yellow and white package of Cipi candies. The package is surrounded by a vibrant splash of orange liquid, likely juice, with various fruits including raspberries, blackberries, blueberries, and orange slices. Several loose, colorful candies (pink, yellow, green, orange) are scattered around the package. The background is a bright yellow with a subtle pattern of small orange droplets.

The image features a central green and white package of Cipi candies. The package is surrounded by a dynamic composition of fresh mint leaves, several ice cubes, and splashing water, creating a refreshing and cool atmosphere. The overall color palette is dominated by various shades of green and blue, emphasizing the mint theme.
